

Mesa Water Notify Coming Soon! Receive Service Updates in Real Time

Mesa Water District (Mesa Water®) is pleased to announce Mesa Water Notify, a new, secure notification service that provides customers with timely information about water service updates or other District news.

Benefits of the new service include:

- **Timely service updates at your fingertips**
- **User-friendly, secure system**
- **Option to receive information about news, events, rebates and water-wise workshops**

This new service is part of Mesa Water's commitment to outstanding customer service and communications. Stay tuned for more information about the launch coming soon!

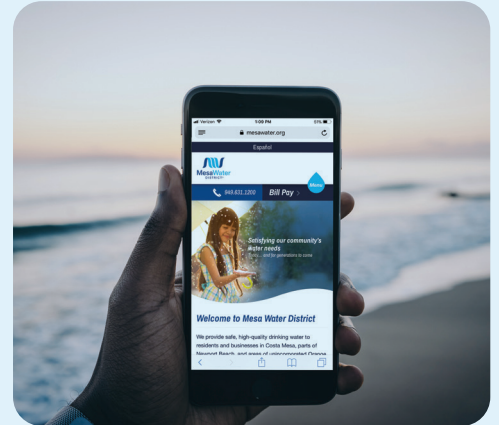

Learn more at MesaWater.org/notify.

For questions, contact 949.631.1201

or email info@MesaWater.org.

Are You More of a Facebook or Instagram User? Either Way Follow @MesaWater Today!

Be Water-Wise with Mesa Water Rebates

Looking for water wise rebates? Visit our website and click on our rebates page to discover various rebate programs that best fit your needs. From turf removal, drip irrigation, to pool cover rebates, these programs are a great way to use water efficiently during this season. To learn more head over to: MesaWater.org/save-water/rebates

Wilson Street Pipeline Replacement Project Underway

Mesa Water proactively invests in its infrastructure to ensure a reliable water supply now and for future generations. We recently began construction on the Wilson Street Pipeline Replacement Project, a new underground steel pipeline on Wilson Street from the Newport Boulevard intersection to the Harbor Boulevard intersection in Costa Mesa. It will replace the existing 70-year-old pipeline. Construction will be completed by Spring 2022. Following the completion of the Wilson Street Pipeline Replacement Project, the City of Costa Mesa will resurface Wilson Street.

Traffic lanes will be open in both directions and/or detoured during the partial lane closure near the areas where the new pipeline is being installed. Other potential impacts include temporary bus stop closures/relocation, and minimal dust and noise. There will be periods of night work at the intersections of Wilson Street and Harbor Boulevard and Wilson Street and Fairview Road from 9 p.m. to 6 a.m., Monday through Friday.

Additionally, some customers may experience short-term interruption to water service. Every effort will be made to notify customers in advance of any potential interruptions.

Mesa Water Committed to Ongoing Water Use Efficiency Efforts

While a drought has not been declared for Orange County, Mesa Water supports the statewide effort to use water wisely, and offers valuable water efficiency tips to be used year round.

- Plant California-friendly trees and plants: It saves 30-60 gallons per 1,000 sq. ft. each day you water.
- Adjust sprinkler heads and fix leaks: It saves 12-15 gallons each time you water.
- Invest in a smart sprinkler timer: Using a smart sprinkler timer can help save up to 13,500 gallons of water a year.

Mesa Water is dedicated to the efficient management of water resources and our [Mesa Water Reliability Facility](https://mesawater.org/save-water/drought-central) ensures we have sufficient water supplies for the community. Learn more at [MesaWater.org/save-water/drought-central](https://mesawater.org/save-water/drought-central).

Residents Enjoy Great Music and Water Education at Concert in the Park

Mesa Water helped welcome back Concert in the Park at its booth with fun water education activities for kids and adults. Concert in the Park took place on July 31 at Fairview Park and featured great performances from Mariachi Juvenil Herencia Michoacana, Jasmine Fields and Tijuana Dogs.

We visited with a number of customers who stopped by our booth to test their water knowledge when they took a spin at our prize wheel with water-wise themed questions. We look forward to seeing more of you soon!

BOARD MEETINGS

Mesa Water's Board meets the second Wednesday of each month. Regular meetings begin at 4:30 p.m. at 1965 Placentia Avenue, Costa Mesa, and are open to the public. For more information, call 949.631.1206. Produced by Mesa Water's Board of Directors, **News On Tap** is a bi-monthly publication to inform Mesa Water's customers and community about water-based issues and events.

We welcome your ideas:
