

## Project Timeline

August 2020 – Spring 2022

## Night Work Construction Hours

Sunday - Friday  
8 p.m. – 6 a.m.

## Location

MacArthur Boulevard, between Croddy Way and Hyland Avenue, Cities of Costa Mesa and Santa Ana

## Background

As part of its Capital Improvement Program, Mesa Water® is constructing two new water wells and a 4,500-foot pipeline that will allow the District to increase local water production capacity by 8 million gallons of high-quality drinking water daily.

# CONSTRUCTION NOTICE

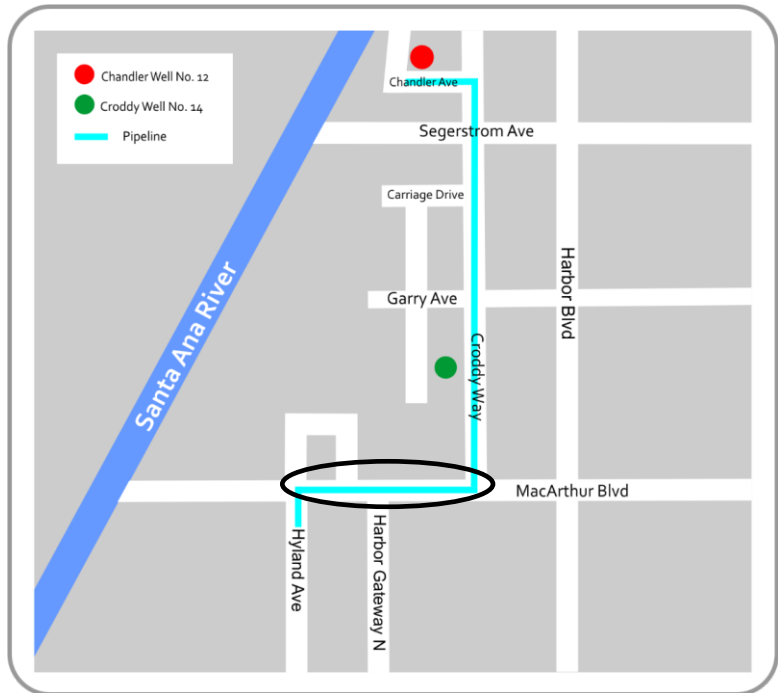

March 6, 2022

## WORK SCHEDULE UPDATE

### Night Work for Pipeline Construction on MacArthur Boulevard Begins on March 6

Mesa Water District (Mesa Water®) is constructing two new water wells and a pipeline within the cities of Santa Ana and Costa Mesa.

The next phase of work includes construction of pipeline on MacArthur Boulevard between Croddy Way and Hyland Avenue. Nighttime construction is scheduled for March 6 - May 1, 2022, from 8 p.m. - 6 a.m. The circle on the map below shows the work area.

## Project Activity During Construction

- Open trench construction
- Excavation and backfill work
- Deliveries of materials and use of construction equipment

## Potential Impacts

Safety is Mesa Water's top priority. There will be no disruption in water service to customers. Potential impacts include:

- Minimal noise, dust and vibration during work activity

## Traffic Management & Access

- Temporary closure of one westbound lane on MacArthur Boulevard during work hours
- Through-traffic will be maintained at all times
- Driveway access, trash and delivery services will not be affected
