- The rebated product must be installed and remain within the Mesa Water® service area at all times.
- By applying for a rebate in this Program, personal information listed on your Application Form may be subject to disclosure to requesting parties pursuant to the California Public Records Act, since Application Forms are generally considered public records. - Rebate amount is limited to \$50.00, or up to the cost of the device, whichever is less. The actual device costs exclude sales tax, shipping, labor, and other charges. Invoices or receipts must be itemized to show the actual device cost. Rebate amounts are subject to change without advance notice.
- Third-party website (eBay, Amazon, etc.) purchases for qualifying products are eligible for rebate funds, provided that the product purchased can be verified as new and in its original packaging at the time of purchase and must be submitted with a receipt, invoice, packing slip, or confirmation identifying the item as new. Cover must be new. Used covers are not eligible for this Program.
- Customers may purchase more than one device; however, rebates are limited to one measure or device type per address. If a customer has already received a rebate for their address, they cannot claim any additional rebates for the same device or measure type.
- Mesa Water® reserves the right to verify and inspect rebated devices. If installation cannot be verified the rebate will be canceled.
- Rebate checks will be issued only to the customer directly. Third parties or contractors are not eligible for payment through this Program. The name on the Application Form must match the name on the rebate check.
